The ATM screen will show the currency fee charged by the ATM owner.
Press "Yes" to proceed and enter the desired amount.

Collect the cash.

The ATM fee does not include the 100-baht fee charged by SCB.
This fee will be automatically deducted from your PLANET SCB card (View details*).

Note: ATMs in different countries may display varying screens or steps.

*Explanation of Cash Withdrawal Fee Calculation:

- 1.The ATM cash withdrawal fee depends on the ATM owner in the destination country and will be displayed on the ATM screen during the withdrawal process.
- 2.Fees related to Siam Commercial Bank (SCB):
- If withdrawing in the currency available on the card, the fee will be deducted from the transaction currency with an exchange rate of 100 baht** per withdrawal. (Insufficient currency is automatically converted from the card's baht balance. If still insufficient, the transaction is declined.)

If withdrawing in currencies unsupported by the card, the fee will be deducted in Thai baht at a rate of 100 baht per transaction. (Insufficient baht results in a declined transaction.)

SCB's fees will be listed on the SCB EASY app the day after the transaction under the category "CASH WITHDRAWAL FEE."
