Re : Rebuttal of Rice Pledging Scheme Rumor

To : The President
The Stock Exchange of Thailand

With reference to rumors circulated online and on social networks stating that Siam Commercial Bank will hold a board meeting today to consider providing a credit facility for the government rice pledging scheme, we would like to offer the following rebuttal:

1. SCB firmly states that these rumors are entirely groundless. SCB has not provided credit facility to the rice pledging scheme.
2. There is no board meeting on 18 February as mentioned.
3. Please be assured that SCB always conducts business with integrity following good governance practices.

Please be informed accordingly.

The Siam Commercial Bank Public Company Limited
